And will be used in St. Charles County, Brentwood, Sunset Hills and Florissant

RULE 1. EQUIPMENT

Sec. 2 (Where Applicable) Legal bats are posted at this website: www.ussa.com under Slow Pitch outlined under "Licensed Equipment – New Bat Rules" and are approved through USSSA. You can check approved bats at <https://www.ussa.com/slowpitch/slowpitch-licensed-softball-bat-ball-manufacturers> In **2025** all will be held to the same USSSA bat standards as indicated on their website but **you** can use current 2022 approved bats until 2026. It is the player's responsibility to conform to USSSA rules concerning equipment.

RULE 2. THE GAME

All men's, women's and coed leagues will be governed by the general playing rules of the USSSA, and these Omnibus Softball Association Rules. We agree to provide at least one umpire per game.

Sec 1 Starting and Ending

- A. All league games, including makeup games for rainouts, will take priority over other games in which a team is involved. Rainouts will be rescheduled at Diamond availability. It is each team's responsibility to inform the League Director of other league conflicts.
- B. The Home Team will keep official score but the visiting team's score will be official in the absence of a Home Team scorer. **The umpire will keep the scores and confirm runs each inning with both teams. Final score will be determined by the umpire in conjunction with the official score book.**
- C. Team managers and players are required to report to the field plus exchange line-ups prior to game time and be prepared to play at game time.
- D. Before the game begins, each team manager (or acting manager) MUST identify himself as such to the game officials at home plate before the game can be started.
- E. The home team may be changed by mutual agreement of the teams.
- F. Time Limit – no **final game of a double headers or a single game** shall go past the 55-minute point to start a new inning. No inning will be started after the **115-minute in double headers or 55-minute in a single game**. If the game ends in a tie will result in a tie. In the event of rain or cancellation, games will be considered complete after four full innings of play or 3 ½ innings if home team is winning.
- G. Extra Innings – If a game is tied after 7 innings and time remains extra innings will ensue. Each batter will begin with a full count (2 balls and 1 strike) and get one pitch to hit or walk. Each team will begin the inning with one runner on second base (last out of the last inning). Game will be played in this format until completion if time allows.
- H. Rainouts – check rainout line status or online at the league site. **Once play begins on a series of games, rain outs and called games are determined by the umpires. No game is officially cancelled until the umpires declare games cancelled. When/if games are halted because of rain or lightening, all fields will stop play when the senior umpire makes the call to cease playing. Games will then be called by umpires after waiting the appropriate time.**
- I. No beverages/smoking, chewing tobacco or vaping on the field during the game.

Sec. 2 Winner of the game

- A. Team ahead by: (1) 20 run difference after 3 official innings (2) 15 run differential after 4 official innings (3) 10 run differential after 5 official innings (4) 15 run differential by visiting team in the 6th or 7th inning.
- B. All league standing ties will be decided as follows: (1) Team with least forfeited losses due to ejections.
(2) Team with least forfeited losses (3) Season series between the teams involved (4) Won/loss record among the teams involved; (5) Least runs allowed between the teams involved; (6) Least total runs allowed during league play; (7) Toss of the coin.

- C. Both teams will be credited with a ½ game in the standings for games ending in a tie as a result of time limits.

Sec. 3 Forfeited Games

- A. Forfeit time is game time except for the first game on a diamond. In this case, it will be 10 minutes after the scheduled time of the diamond's first game; those 10 minutes will be part of that game's 60-minute time limit. All remaining games commence immediately following the previous game's completion.
The initial game will commence immediately upon the arrival of the necessary player, and the format will be double innings for the first 4 innings followed by the normal single inning format. The forfeit shall be enforced when the ninth player is unavailable.
- B. Should any team forfeit 3 dates and/or drop from the league, they will be eliminated for the entire season. All remaining games/fees will be forfeit; therefore no substitute team will be accepted.

Sec. 4 Protested Games

- A. Protests must be made at the time of the play (that is before the next pitch) and must be received in writing at the applicable league office within 72 hours of the game
- B. Any illegal player (suspended or non-roster) participating in a league game will cause forfeit of the game and the player plus the game manager will be suspended for 1-full game from the date of the game.
- C. All player eligibility protest must be made while the player is active in the game; protest money must be received by league director within 72 hours of the game, along with the player's signature.
- D. Three league umpires not involved in the game will rule on any and all protests, except E (below). All written protest must be accompanied by a \$50.00 fee. Protest money will be returned if the protest is upheld.
- E. Any protest during a playoff game will be resolved before play continues. All protest must be accompanied by a \$50.00 fee to the league director. Protest money will be returned if protest is upheld.
- F. Any team forfeiting a game because of player ejection will vacate the playing field immediately and NOT be given any practice time.
- G. If you feel that the opposing team is using a non-rostered player you must identify the player to, and lodge a protest with, the umpire prior to that player's second time at bat (the first pitch begins the at bat). That individual must present one valid photo I.D. to the umpire to verify their identity. If that player cannot produce valid photo identification the player may not continue in the game. The League Director will verify whether or not the player is eligible before the next week. If the player is ineligible the game will be ruled a forfeit for the offending team and will be reflected in the standings as such. If there is not a record of the roster (or any changes) and a protest situation arises, the team in question automatically loses the protest. The roster and player changes will have to be on file prior to the game in question. The game is played under protest, and a ruling will be made based on the team's roster at the time of the protest.

Sec. 5 – Pitching Screen

Pitching Screen- If used, any brand I-Screen can be used with dimensions up to 7ft height by 4ft wide at the base.

Pitching Area

- A. . The pitching area is the width of the pitcher's plate up to six (6) feet behind the back edge of the pitcher's plate.
- B. Pitchers using a pitching screen must toe the pitching plate when delivering the pitch.

- E. If a pitching screen is used - The pitcher cannot touch the batted ball if hit on the ground until another defensive player touches the ball first. Once another defensive player touches the batted ball, the pitcher may engage on defense. If the ball is hit in the air and goes ABOVE the top of the pitching screen, pitcher CAN field the ball and be an active player in the action when ball is higher than pitching screen..
- F. If a pitching screen is used - If the pitcher interferes with the batted ball, dead ball will be called, the batter will be awarded first base and runners will advance to the next base.
- G. If a pitching screen is used- Any batted ball hitting the screen will be a dead ball foul.

H. If a pitching screen is used - Screen placement may not be moved for the entire inning once the first pitch of the inning is thrown with the exception of the screen being moved during a defensive play. Pitching Screen placement may be no more than 4 feet in front of the pitcher's plate and must cover at least half the pitcher's plate "left to right" or "right to left".

(EXCEPTION) A new pitcher enters the game.

(EXCEPTION) The screen is hit by a batted ball and it moves and needs to be readjusted.

(EXCEPTION) The screen is moved by a defensive player during a play and needs to be returned to the original placement. (EXCEPTION) If the screen leg interferes with pitching (some brands have long legs), the pitcher may adjust the screen away from the pitching plate towards home plate. Umpire will determine how far is acceptable.

When both teams have equal reached the limit (5) then either team can hit one more run to go “One Up”. No further home runs can be hit by that team until the other team hits a home run.
